SEMDXA NEWSLETTER

September 2018

Pres Sez

Here we go with a new season in Ham radio. Today it is supposed to hit 90 but since it is labor day summer is officially over. I have spent a good part of the summer trying to straighten out my FT8.

Seems every time MicroSoft does an upgrade my computer won't talk to my K3s. About time I get that fixed, HRD does an upgrade and here we go again. Never give up! I also have started construction of an inverted "L" for 160 meters. "By started" means I have the line up for the support end and I bought an electric edger to bury the radials. It's a start!

In case you were not in attendance at our last meeting here are your officers:

Robert G. Mueller, **K8RGM**, President, k8rgm@comcast.net
David R. DeRain, **K8ESQ**, Vice President, k8esq@sbcglobal.net
Douglas S. Basberg, **N8VY**, Secretary, n8vy@comcast.net
Bradley A. Nowak, **N8NSM**, Treasurer, n8nsm@comcast.net
Laurence W. Gauthier, **K8UT**, Website Mgr., k8ut@k8ut.com
Chet Latawiec, **VE3CFK**, Longpath Mgr., chetlat@hotmail.com
Stanley K. Arnett, **AC8W**, Program Mgr., ac8w@arrl.net
Mike Van Buren, **WD8S**, 50/50 Mgr., wd8s@comcast.net

Looking forward to seeing all of you on the 20th. Also, we need help with programs. Since Stan will not be at the meeting, please give any suggestions to either Steve Culp, **k8qky** or myself.

73,

Bob, **k8rgm**

SEMDXA
Meeting Minutes
14 June, 2018

The meeting was called to order at 7:03 pm by our President Doug N8VY. There were 27 members and guests present. The first order of business was the 50/50 drawing and it was won by Greg Stobbs N8GAS.

Treasure's Report:

Brad N8SNM reported on the state of the treasury. There was a \$27 deposit from last month's 50/50 and a debit of \$70 to pay for the MIQP plaque that SEMDXA sponsors. The report was unanimously approved by the membership present.

Secretary's Report:

Lee N8LJ read the meeting minutes from the March, April and May meetings. The minutes were unanimously approved by the membership present.

General Announcements:

Dave K8ESQ reported that the W9DXCC registration is open for the September event held in Schaumburg, IL. Since this DX convention potentially conflicts with our September meeting date, and a fair number of our members attend this event, it was proposed that our September 13, 2018 meeting be postponed one week to September 20, 2018. Dave K8ESQ made the motion to delay our meeting one week and Dave K8CC seconded the motion which was then unanimously approved by the membership present. THIS ONE TIME MEETING DATE CHANGE IS SUBJECT TO OUR MEETING ROOM BEING AVAILABLE AT GINO'S AND OUR SEPTEMBER PRESENTOR ABLE TO SUPPORT THIS NEW DATE. PLEASE STAY TUNED TO OUR WEB-

Uli, KK8I former ham radio member of SEMDXA when he lived in SE Michigan has moved to South Africa with his XYL Angela. He has been issued the call sign ZR2A.

He says "the call sign is assigned to him...just waiting for the paperwork to arrive. He hopes to be on the air soon.

This as of August 16, 2018

The following post is from K2QI, James Sarte, President of the United Nations Amateur Radio Club. It's been a while since the last update but I have some news to share. We're one step closer to being back on the air. As some may know, Dmitri Zhikharev

RA9USU along with Adrian Ciuperca KO8SCA have been working with me behind the scenes to get the station operational again. Through the generous donations of Dima and his associates (notably Ed Kritsky NT2X), we were able to get a rack mounted K3, Acom 2000 linear amplifier, and associated network-enabled control hardware. We were also granted another K3 to act as a remote head from SK Tony N2UN via his widow, and delivered to us by Andrew Bodony K2LE. Finally, Adrian has been doing a lot of behind-the-scenes networking and legwork with his counterparts to help get things done from within the United Nations.

Yesterday represents an additional milestone for the club as Adrian (who did most of the work) and I, finally erected a brand new SteppIR BigIR vertical antenna on the Secretariat's roof. All that remains is to connect and lay the ground radials, fine-tune the rack mounted devices, and setup and configure the remote K3. Once done and after almost a decade off-air, we can finally call CQ 20 de 4U1UN.

Thank you

An email received by Doug N8VY...

Hello Doug. This is Dave, KA6BIM. I wanted to write and thank you and your club, the SE Michigan DX Association, for sponsoring the nice plaque that I recently received. It was for "High Score Out of State Single Operator Mountain Pacific" I enjoyed playing the contest. I am located in South-west Oregon about 15 miles from the Pacific Ocean.

I invite you and your members to play in the 7QP contest, the first weekend of May.
